

# Spotlight on Mark Peart

## Your Brexit Party Candidate for Blyth Valley

Mark is married and has three amazing children. They all attend school in Blyth.

He currently works for a pharmaceutical company located in Cramlington and prior to that worked at the Alcan Smelter in Lynemouth.

Mark is proud to say he has lived in Blyth Valley his whole life.

He knows what a great place it is and how much potential it has. He genuinely cares about the area and is determined to achieve great things if he is elected as MP.

“The warm and friendly residents deserve to have a representative who really cares and is committed to putting Blyth Valley first. No comprise”

Mark has worked day and night campaigning for the Brexit Party both before and after being selected as PPC. This is in addition to being a dad, partner, employee and student.

Blyth has been a safe Labour seat for too long, the voters have been let down by career politicians who have forgotten what it is like to juggle work, family and studies in order to make a better life for their loved ones.

Decades of being ‘forgotten’ has led to a decline that no longer should be ignored, Mark wants to bring growth to the area in terms of job creation and new industry, improvement in education, welfare and the health service.

Too many years of EU influence has caused destruction to so many of our industries from car making to fishing. The money that we are sending abroad must be instead spent on investing in our communities and improving things locally for local people.

Until the Brexit Party there were really only two choices for voters in the Blyth Valley. It is clear that neither of these parties are publishing a manifesto that meet the demands of the people who are repeatedly calling for their LEAVE vote to be honoured properly.

Voters from all parties are backing the Brexit Party; they are fed up with broken promises and are putting their trust in us. We will give you a Brexit and an MP who wants to make the most out of the best place to live in Britain, Blyth Valley.

## Invest in the future

- Reinstatement of legacy rail lines. Bringing a boost to the whole area socially and economically.
- Fishing and coastal communities. Take back control of UK fishing waters.
- Creation of a free port in Blyth which will be a huge opportunity for Blyth’s Industries and people.

## Cutting the cost of living

- By leaving the EU we can take back control.
- Cut VAT on Domestic Fuel.
- Reduce import tariffs on food, footwear and clothing. This will be a welcome benefit to people financially. We will be able to negotiate our own deals with the rest of the world.
